Induction Programme for Odd Semester 2022-23
21st October 2022
26th Batch of Students

Date:10.12.2022

Day: Saturday

Session: Morning Session

Time: 11:00 to 12:30 PM

Coordinators: Prof. Shreekantha B, Prof.Naheem M R,Prof.Sneha K

Program Title: Proficiency in English communication

HKBK COLLEGE OF ENGINEERING 25 YEARS OF EXCELLENCE
INDUCTION PROGRAMME
for 26th Batch of Students 2022 - 2023
from 1st Dec to 11th Dec 2022

Chief Patron
Shri CM Ibrahim
Chairman, HKBKGI

Patrons
CM Faiz Mohammed
Director, HKBKGI

Prof. Manzoor A. Khan
Secretary, HKBKGI

Dr. Tabassum Ara
Principal, HKBKCE

Prof. Hussain Ahmed
QAC Head, HKBKCE

Resource Person: Prof. P. Chithra
Title: "Proficiency in English communication"
Date: 10.12.2022
Time: 11.00 to 12:30 PM
Venue: ISE seminar Hall

Dr. Salim Sharieff
Prof. & Head, Dept. of ME, HKBKCE
Chief Coordinator, Induction Programme

Coordinators
Dr. Arshad Pasha
HOD-Phys Edu & Sports

580 045, URL: www.hkbk.edu.in

Resource Person Name: Prof. P Chithra

Overview of the Session: The Session was conducted in an offline mode. It began at 11:00 am and ended at 12:30 PM. Proficiency in English communication enables students to express their ideas, thoughts, and opinions effectively, both verbally and in written form. It fosters clarity, coherence, and precision in communication, allowing students to convey complex concepts and information with ease. This proficiency is particularly important in technical fields like engineering, where clear communication is essential for conveying project requirements, collaborating with team members, and presenting findings and solutions.

Overview of the Session: The Session was conducted in an offline mode. It began at 9:00 am and ended at 12:00 PM. The session started with introduction of importance of yoga in daily life. The act of yoga consists of many poses known as ‘Asana’ that have different physical benefits in our life. They performed various Asanas which improved the inner peace of everyone and all students took it as an initiative for stress management in day-to-day life.

HKBK COLLEGE OF
ENGINEERING

REPORT ON ICT ACTIVITIES FOR AY 2022-23

HKBK College of Engineering (HKBKCE) has embraced Information and Communication Technology (ICT) in various aspects of its academic and administrative activities, enhancing the overall learning experience and operational efficiency within the institution. One notable ICT activity at HKBKCE is the integration of digital learning platforms and virtual classrooms. These platforms provide students with access to course materials, lectures, assignments, and collaborative tools online, facilitating flexible learning experiences. Through interactive multimedia content, live sessions, and discussion forums, students can engage with course material effectively and participate in virtual classroom interactions, promoting active learning and knowledge retention.

ICT is also instrumental in streamlining administrative processes at HKBKCE. Integrated management systems for admissions, student records, and campus facilities management ensure efficient workflow management and data accuracy. Online portals and communication platforms enable seamless communication and information sharing among students, faculty, and staff, enhancing transparency and collaboration across departments. Moreover, HKBKCE emphasizes the importance of digital literacy and ICT skills development among its stakeholders. Training programs, workshops, and seminars on ICT tools and technologies empower students and faculty members to harness the full potential of digital resources for learning, research, and professional development.

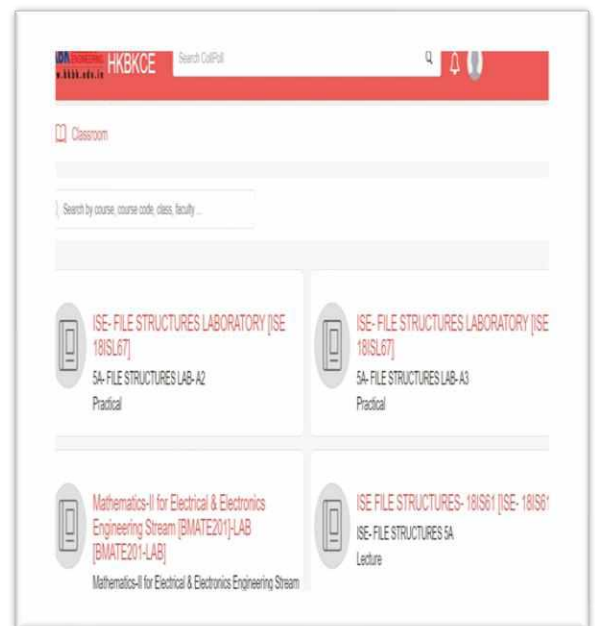

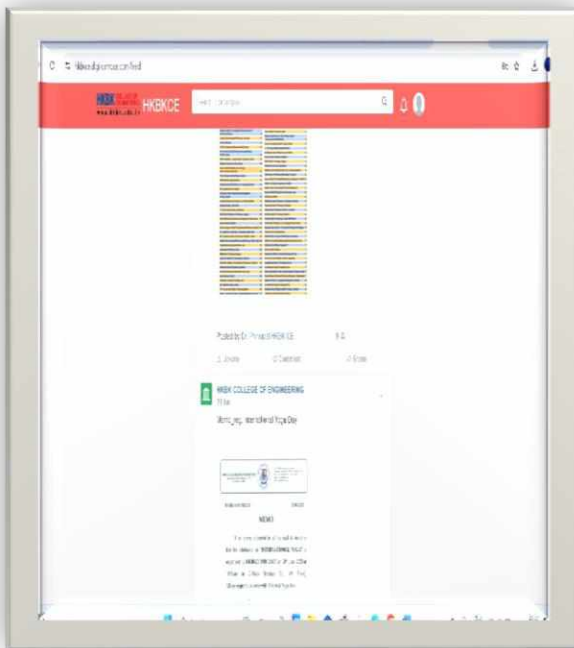

HKBK college of Engineering, has the ICT facility for smooth functioning of the system and students will get benefit of this through online mode.

1. Moodle activity
2. Video lectures by faculty
3. Google Class Room
4. Online Courses by Students :NPTEL/Coursera /UDEMY/Infosys spring board
5. Online Quiz

Moodle Activity:

Moodle activity refers to the use of the Moodle learning management system (LMS) for various educational activities within an institution. Moodle is a widely used open-source platform that facilitates online learning, course management, and collaboration among students and instructors. Here's how Moodle activity can benefit educational institutions like HKBK College of Engineering (HKBKCE):

1. **Online Course Delivery:** Moodle allows instructors at HKBKCE to create and deliver online courses efficiently. They can upload course materials such as lecture notes, presentations, videos, and quizzes to the Moodle platform. Students can access these resources anytime, anywhere, fostering flexible learning opportunities.
2. **Interactive Learning:** Moodle supports interactive learning activities such as forums, chat rooms, and wikis. These tools promote student engagement, collaboration, and knowledge sharing. Discussions on Moodle forums enable students to ask questions, share ideas, and participate in academic discussions beyond the traditional classroom setting.
3. **Assessment and Feedback:** Moodle offers a range of assessment tools, including quizzes, assignments, and surveys. Instructors at HKBKCE can create online quizzes to assess students' understanding of course materials. They can also use the assignment module to collect and grade student submissions digitally. Moodle's grading and feedback features allow instructors to provide timely and personalized feedback to students, enhancing the learning experience.
4. **Resource Management:** Moodle provides a centralized platform for managing course resources and activities. Instructors can organize course content into modules or topics, making it easy for students to navigate and access materials. Learning paths and sequences to guide students through the course curriculum effectively

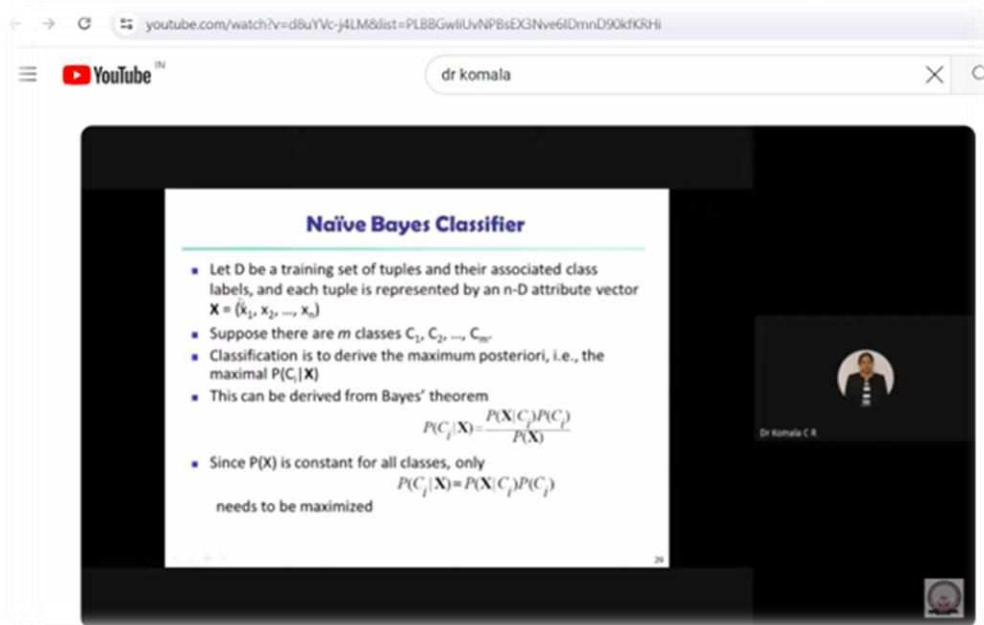

Access of Data through LMS(Coll Poll)

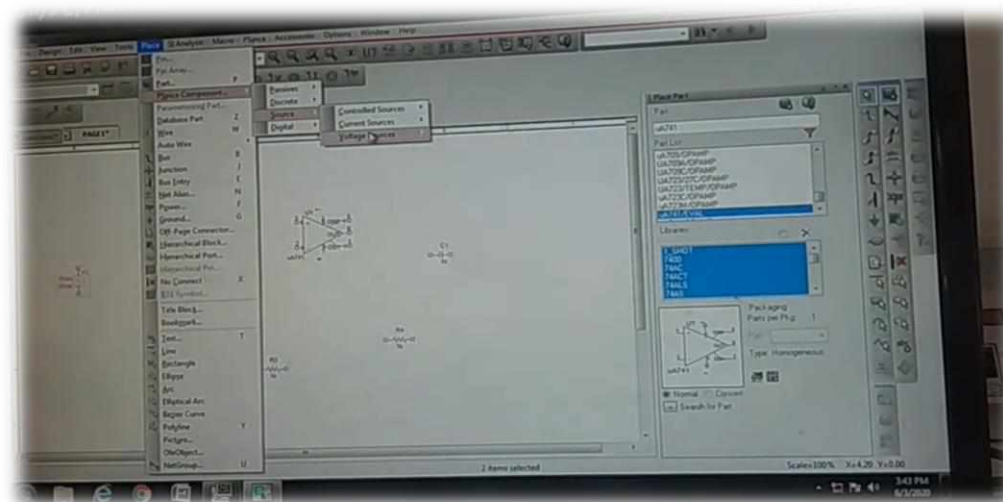

Every student of HKBKCE have integration with coll poll where the digital platform is used for conduction of online classes, Feedback Analysis ,Attendance Management ,Fee payment ,Publishing of assignments & Quiz and Notifications to students & parents for collaborative assessment

Video Lectures by Faculty

Video lectures by faculty members are an invaluable resource that enhances the learning experience for students at HKBK College of Engineering (HKBKCE). These video lectures offer several benefits for learning disability students and can be accessed at their comfort zone

Lecture by Dr. Komala C R ISE Department

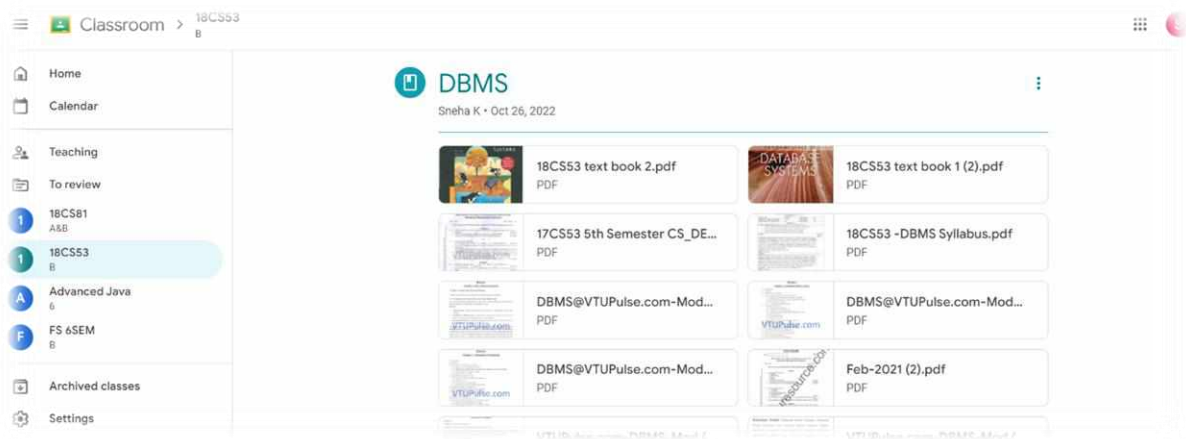

Lecture by Dr. Abdul Aziz by EC Department

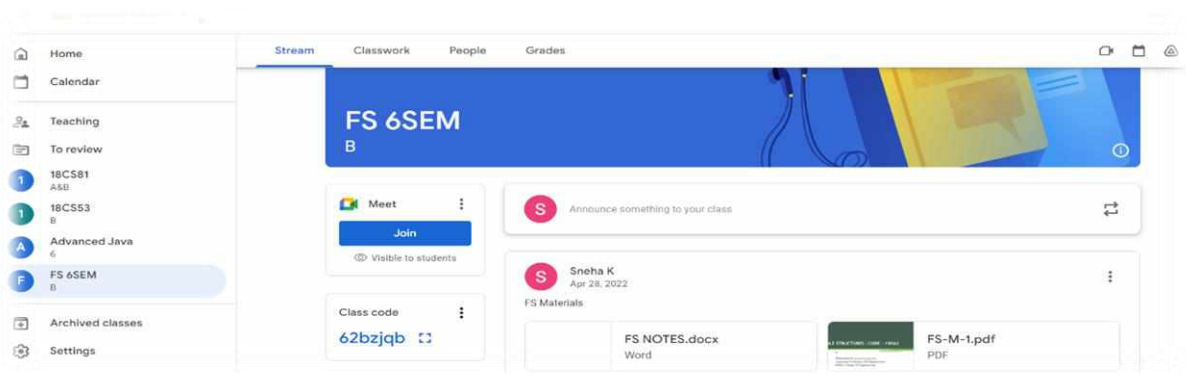

Google Class Room

Google Classroom is an innovative learning management system (LMS) developed by Google, designed to streamline the process of classroom management, communication, and collaboration in educational settings. Here are some key features and benefits of using Google Classroom at HKBK College of Engineering (HKBKCE):

- **Centralized Platform:** Google Classroom serves as a centralized platform where instructors can create, organize, and distribute course materials, assignments, and announcements. Students can access all relevant course information in one place, making it convenient and efficient.
- **Assignment Management:** Instructors can create and distribute assignments digitally through Google Classroom. Students can submit their work online, and instructors can provide feedback, grade assignments, and track student progress within the platform.
- **Communication:** Google Classroom facilitates communication between instructors and students through announcements, comments, and private messages. Instructors can share important updates, reminders, and resources, while students can ask questions, seek clarification, and engage in discussions.

Google Class Room of 18CS53 DBMS for 5th semester students

Google Class Room of 18IS61 File Structure for 6th Semester student

Online Courses by Students : NPTEL/COURSEERA/INFOSYS SPRING BOARD

HKBK College of Engineering (HKBKCE) may offer online courses similar to NPTEL (National Programme on Technology Enhanced Learning) and Infosys Springboard to enhance the learning experience and provide additional opportunities for skill development and knowledge acquisition. Here's how these online courses can benefit students:

NPTEL Courses:

- **Technical Expertise:** NPTEL offers a wide range of technical courses in engineering, sciences, and technology-related fields. Students can access high-quality course materials, lectures, and assessments developed by experts from premier institutions and universities.
- **Flexibility:** NPTEL courses are typically offered as self-paced online courses, allowing students to learn at their convenience. This flexibility is beneficial for students managing academic commitments alongside other responsibilities.
- **Certification:** NPTEL provides certification for successfully completing courses and assessments. These certifications add value to students' resumes and demonstrate their proficiency in specific technical domains, enhancing their employability.
- **Complementary Learning:** NPTEL courses complement traditional classroom instruction by offering in-depth insights into specialized topics, advanced concepts, and emerging technologies. Students can deepen their understanding and broaden their knowledge base through NPTEL courses.

Infosys Springboard:

- **Industry-Relevant Skills:** Infosys Springboard focuses on providing industry-relevant skills and training in areas such as software development, data science, artificial intelligence, and digital technologies. Students can acquire practical skills and knowledge aligned with current industry demands.
- **Hands-On Learning:** Infosys Springboard offers hands-on learning experiences through projects, case studies, and interactive sessions. This practical approach enables students to apply theoretical concepts to real-world scenarios and develop problem-solving abilities.
- **Career Support:** Infosys Springboard may provide career guidance, mentorship, and placement assistance to students completing their programs. This support can help students transition smoothly into the workforce or pursue advanced career opportunities.
- **Collaboration:** Infosys Springboard often collaborates with industry experts, professionals, and organizations to deliver curated courses and workshops. This collaboration enhances the relevance and authenticity of the learning content, providing students with industry insights and perspectives.

Online QUIZ:

Online quizzes are a valuable tool for assessing student understanding, reinforcing learning, and providing immediate feedback. Here's how HKBK College of Engineering (HKBKCE) can benefit from implementing online quizzes:

- **Assessment Accuracy:** Online quizzes can provide more accurate and consistent assessment results compared to traditional paper-based quizzes. Automated grading reduces human errors and ensures fair evaluation based on predefined criteria.
- **Time Efficiency:** Online quizzes save time for both instructors and students. Instructors can create quizzes efficiently using digital platforms and set automatic grading parameters. Students can complete quizzes at their convenience, reducing administrative burden and streamlining assessment processes.
- **Immediate Feedback:** Online quizzes offer immediate feedback to students upon completion. Instant feedback helps students identify areas of strength and weakness, enabling them to focus on areas that require improvement and enhance their learning outcomes.
- **Adaptive Learning:** Some online quiz platforms offer adaptive learning features that adjust quiz difficulty based on student performance. Adaptive quizzes can challenge students appropriately and personalize their learning experience, catering to individual learning styles and pace.
- **Engagement and Interactivity:** Interactive elements such as multimedia content, multiple-choice questions, fill-in-the-blanks, and drag-and-drop activities make online quizzes engaging for students. Gamified elements, timers, and leaderboards can further enhance student motivation and participation.

- **Data Analysis:** Online quiz platforms generate data and analytics on student performance, including scores, completion rates, and question-level insights. Instructors can analyze this data to identify trends, assess teaching effectiveness, and make data-driven decisions to improve instruction and course design.
- **Accessibility:** Online quizzes are accessible to students anytime, anywhere, as long as they have internet connectivity.
