Scope

HireMee , a state of the art technology enterprise to help colleges and universities such as yours to identify the best of the talent and support them with the right job opportunities .

HireMee aims to bridge the Recruiter <> Graduating Student gap by using technology based assessment to achieve a perfect fit between an aspirant and the job. Eligible candidates would be supported with placements as well.

Post assessment HireMee makes graduating students discoverable by recruiting companies based on their academics, topped up by HireMee's detailed multi-level assessment score and a short 20 second video-based statement of purpose to articulate their aspirations, demonstrate their communication skills and share their technical strengths for the recruiters to assess their employability.

Recruiters can use videos and the HireMee scorecard and hire directly them with no charge, either to the graduating students, colleges or the recruiting companies in addition to taking away the punishing task of sourcing, assessing and sifting candidates of its choice. The key differentiator is the candidate's video profile that gives recruiters an effective way to evaluate his/her communication skills, attitude, confidence among many other attributes.

For shortlisted candidates, the hiring company's HR process continues as per current practice. So in effect, HireMee complements the efforts of the hiring company's HR team with ready access to pre-assess profiles for easy HireMee is supported by the Academic Industry Council as an advisory board.

Senior academics from different domains are drawn to help in the creation of the question bank. Industry experts advise on strategy, employability criteria and more. HR Managers share insights on different industries while domain experts assist with the specifics of assessment. Corporates are also given the option to proctor the assessments. The syllabus is carefully designed and approved by HireMee's panel of Subject Matter Experts that include industry insiders and academicians from across India.

An MoU was signed with AICTE, Government of India on September 12, 2017 to offer HireMee solutions to all AICTE affiliated institutions,

MoU with VTU (Visvesvaraya Technological University Belagavi),

MoU with DTE-Department of Technical Education Government of Karnataka

MoU with Commissionerate of Collegiate Education Government of
Telangana

HireMee advisory board consists of distinguished leaders from Titan,
Cognizant Technologies, UGC, NASSCOM, IISc and NIIT.

A report on SDP "SPEEDREAD" conducted on 06-08-2015

A Student Development Program (SDP) on "SPEEDREAD" is conducted on 06-08-2015 by the Department of Information Science & Engineering. The speaker is one of our college alumni **Mr. Saud M Mansoor, Founder & Program Director, iSpeedRead.in**. He has done his B.E from CSE, and done his MBA from USA. He is having 7 years of experience in industry.

The session was started from 3:00 p.m. to 4:30 p.m. The students of third and fifth semester, and few of our faculty members have attended the session. Totally 64 members (59 students + 5 faculty members) attended the session. The session was really useful and taught about **"how to improve our reading skills"**. Really the session helped to speed up our reading skills. From one reading strategy taught in the session called **"Tapping Technique"**, helped us to double our reading speed. Really the session was very informative and innovative.

All students felt that session was really helpful, informative, and interactive. The way speaker handled session was good. Few small activities have been conducted to check the reading speed of the individual using a formula. Before and after a technique called "Tapping Technique" to increase the reading speed also tested by individual member using the formula. Really there was an increase in speed, almost doubled. Students had an awesome experience in the inspiring session of iSpeedRead. This event was coordinated by Prof. Fathima Kouser & Prof. Sajida Tabasum.
