

HKBK COLLEGE OF ENGINEERING

Workshop on IOT and Computer Networks by JETKING on 27th Oct 2018

Organized by Department of Information Science and Engineering

The workshop on **IOT and CN** was conducted on October 27th 2018 for 3rd and 4th year students of Information Science and Engineering at ISE Seminar Hall and ISE Lab2.

Session 1: The program started with an introductory session by Mr. Syed Zabiulla S, Business development manager, Jetking, Sadashivnagar; followed by a detailed session presented by Mr. Ram Kumar S, external consultant and freelancer at Jetking, on IOT for 3rd and 4th year students, ISE. The program included discussion on Internet of things, its devices, applications, present and future scope and more.

Session 2: This session was conducted for 3rd year students, ISE; and was presented by Mr. Ram Kumar S. The session included discussion on Computer Networks, IP addresses, its classes and more. It was followed by a practical session which gave them an idea about networking. The session included hands-on practice emphasizing the demonstration and application of techniques and skills.

The Program enabled the students to gain insight into the world of IOT and networking. All the students had interactive sessions with the speakers of the day and made use of program to the fullest.

Program concluded thanking the Management, HOD of Information science and Engineering, Resource person from Jetking, ISE Dept Coordinators for their continuous support in making this program successful.

Based on the workshop, the students are to decide whether to take up the main course of training provided by Jetking and the training shall be organized in future at HKBK CE based on student's inputs.

Resource person	Designation	Organization
Mr. Ram Kumar S	External consultant and freelancer	Jetking, Sadashivnagar
Mr. Syed Zabiulla S	Business development manager	Jetking, Sadashivnagar
